

Presentation Rubric for "Qatar's Desert Environment: Sustainable Solutions and Actions"

	Excellent	Good	Satisfactory	Needs Improvement
Understanding of the Environmental Issue (25 Points)	Demonstrates comprehensive understanding, clearly identifies the issue, and explains its significance in Qatar's desert ecosystem. (20-25 points)	Shows a solid understanding with minor gaps in identifying and explaining the issue. (15-19 points)	Demonstrates basic understanding but has some inaccuracies or unclear explanations. (10-14 points)	Lacks a clear understanding, with significant gaps in identifying and explaining the issue. (0-9 points)
Feasibility of the Solution (25 Points)	Presents a highly feasible and well-thought-out solution, considering local context and resources. (20-25 points)	Solution is feasible with minor issues in practicality or resource considerations. (15-19 points)	Presents a basic solution, but with notable feasibility challenges. (10-14 points)	The solution is impractical or lacks consideration of feasibility. (0-9 points)
Sustainability and Innovation (25 Points)	The solution demonstrates innovative thinking and strong sustainability principles. (20-25 points)	Shows creativity and some sustainability considerations. (15-19 points)	Solution has basic elements of sustainability but lacks innovation. (10-14 points)	Limited or no evidence of sustainability or innovative thought. (0-9 points)
Quality of Presentation (25 Points)	Presentation is clear, well-organized, engaging, and effectively uses visual aids. (20-25 points)	Clear and organized presentation with minor issues in engagement or visual aids. (15-19 points)	Basic presentation, somewhat clear but lacking in organization or effectiveness. (10-14 points)	Presentation is unclear, disorganized, and not engaging. (0-9 points)

Total Points: 100

77-100 Points: **Excellent**

57-76 Points: **Good**

46-56 Points: **Satisfactory**

0-45 Points: **Needs Improvement**
