In the name of Allah, The Most Merciful; The Most Compassionate: It is He who made the sun a shining thing and the moon as a light and measured its (their) stages, that you might know the number of years and the reckoning. Allah did not create this except in **truth**. He explains the Ayat (proofs, evidence, verses, lessons, signs, revelations, etc.) in detail for people who have knowledge [HQ: 10:5].
